

CBF-4

The Equipment:

Manufactured from high-grade #304 surgical stainless steel with polished finish, the rugged BF-4 Bottle/Filler is built for years of service. This simple and easy to use equipment was designed by our engineers, who know what is expected from a small bottle filling operation.

- It accommodates 4 adjustable filling stations.
- Removable drip trays allow ease cleaning
- Adjustment made easy to accommodate bottles from 1/2 to 5 gallon
- Adjustable bottle lining up for filling.
- The table free-standing.
- Light weight table with 6" (15 cm) backsplash guard.

Maintenance

The simple design makes the BF4 Bottle/Filler very user friendly when it comes to maintenance. The entire unit is made from stainless steel with aluminum leg braces. A limited amount of moving parts, results in fewer breakdowns. Regular daily sanitizing will eliminate costly annual maintenance fees.

Warranty

The BF-4 Bottle/Filler has a factory warranty of one year to be free of any manufacturing, material or operating defects.

Standard features

- All stainless steel construction
- Fill spouts 1" tubing with 3/4" ball valves
